Guideline for Application to WURI 2025

(1) **Designate a Representative:** Between November 1 and December 31, 2024, universities wishing to apply for WURI 2025 should designate a representative and inform the WURI Foundation of their intention to apply through **a Google Form**. The WURI Foundation will then create a designated folder for the university's application.

(2) **Prepare Program Cases:** During the same period, universities should prepare cases for their innovative programs using the provided template. They may either develop new cases or revise and update those submitted for WURI 2024.

(3) **Upload Program Cases:** Once all cases are prepared, the designated representative will gain access to the designated folder. All program files must be submitted in MS Word (*.docx) format, not PDFs.

(4) **Revise Cases:** Through the designated folder, the representative may **ADD**, **MODIFY**, and **DELETE** cases at any time.

(5) **Deadline:** The deadline for uploading programs is December 31, 2024, without exception, as the evaluation process will begin immediately on January 1, 2025.
